ABOUT KURINJI INTERNATIONAL TRUST

Kurinji International Trust was established in 2006 with the mission to empower underprivileged communities through healthcare initiatives. Over the past year, Kurinji International Trust has made significant changes in the lives of more than 1,000,000 people through various initiatives over the years.

The Trust was founded by its Chairman Ln. S. Sasikumar to enhance the socio-economic status of the underprivileged people. During the initial days of his career as a Social Worker the founder happened to meet lot of senior citizens day in day out, who were struggling with poor vision and health issues.

The founder felt the need for taking healthcare to their door steps to improve their standard of living. As a result of this, Kurinji International Trust came into existence in the year 2006.

Hailing from a rural village in Salem District, the founder was no stranger to hardships faced by the underprivileged. Having overcome economic and social challenges right from his childhood, the founder set out to do his best to make a positive difference in the lives of fellow underprivileged.

Having closely seen the struggles of elderly people from underprivileged background the Chairman and Kurinji International Trusts attaches' great importance to Vision and Healthcare.

Over the past decade, Kurinji International Trust has grown from a small volunteer-led initiative to a well-respected NGO with a wide-reaching impact across several areas in Tamil Nadu.

EMPOWERING COMMUNITIES, ENRICHING FUTURES

VISION & MISSION:

Vision:

To create a society where every citizen, regardless of their economic background, enjoys a life of dignity, health and well-being. We are dedicated to uplifting the lives of underprivileged citizens by providing essential healthcare, vision care and educational opportunities directly to their doorsteps. Through our comprehensive health camps and educational programs, we aim to ensure that no elderly individual is left behind due to lack of access to medical services and lifelong learning.

Mission:

- To uplift marginalized communities through sustainable development programs in education and health.
- To improve the health and well-being of vulnerable communities through accessible and sustainable healthcare services.
- To provide quality education, skill development and learning opportunities to underprivileged children, empowering them to build a better future.
